PPC Candidate rejects mandatory vaccines and vaccine passports

August 24, 2021

FOR IMMEDIATE RELEASE

PPC Banff-Airdrie Campaign HQ, Cochrane – Statement by Nadine Wellwood.

British Columbia and now many institutions and parts of Alberta, including the Town of Banff announce Mandatory Vaccines. In BC people 12 and over will be required to show proof of vaccination to enter indoor and patio dining in restaurants, fitness centres, casinos, and indoor events such as conferences and weddings. BC has gone so far as to state that there are "NO exceptions for those who are unable to take the vaccine for medical reasons or those who do not want to take it for religious reasons.

Government officials in Canada are drunk on power and have lost their legitimate authority to govern. At this moment in our history, it is the responsibility of every individual to reject the notion that Canada is a country that will permit a "papers please" society in which we have two classes of citizens, some with more rights than others.

Governments in a free society have the responsibility to protect the rights of the individual; to respect all Canadians are equal under the law and have equal rights and equal opportunity.

The PPC is the only Federal Party that rejects mandatory vaccines and vaccine passports - a class society where some citizens have more rights than others.

Discrimination has no place in Canada. Discrimination based on medical choice is no more acceptable than discrimination based on color, race, gender, or sexual orientation.

Canadians must reject the Liberal, NDP, Green and Conservative Party ideology that governments can dictate medical choices and restrict Canadians' liberties.

The Canadian Bill of Rights, our Charter of Rights and Freedoms were written for exactly these moments in time; moments of crisis when power hungry politicians tread on the liberties of the individual.

The PPC stands with ALL Albertans, with every Canadian for Freedom, Fairness, Respect and Responsibility, and I commit to take every action possible to protect Canadians from these corrupt authoritarian policies."
